EDUCATION

Universitas Bina Sarana Informatika

2024-2028

Bachelor of Engineering, Technology Information

- Cumulative GPA: 3.89/4.00
- Course related: data structures, algorithms, python programming, database, statistics, machine learning, object oriented programming

WORK EXPERIENCE

PT Teknologi Edukasi Indonesia

Data Analyst Internship

Jul 2025-Okt 2025

- Developed a comprehensive population insights dashboard to track millennial trends across 6 continents and 212 countries, enabling stakeholders to instantly identify key regional distributions (e.g., 53.8% in Asia).
- Analyzed demographic data from 1990-2000 to identify key population growth trends, quantifying a 17.07% increase from the first to the final year of the period.
- Synthesized population data from 212 countries to inform strategic planning, providing leadership with actionable insights into high-growth markets (India: 19.5M) and low-density regions (Nauru: 13K).
- Collected and processed complex global datasets to establish key performance indicators (KPIs), calculating the average decadal population at 29.6M and the median at 4.7M.
- Performed a demographic gap analysis to highlight regional disparities, demonstrating that Indonesia's Year 2000 population (214.8M) was over 9.6 times larger than Malaysia's (22.2M).

PT Kimia Farma Tbk

Business Data Analyst Internship

Mei 2025 - Jun 2025

- Developed a holistic business performance dashboard to evaluate the 2020-2023 period, tracking Rp321.17M in Total Nett Sales and Rp72.56M in Net Profit from 672.46k transactions.
- Analyzed multi-year branch performance data to identify top performers, highlighting the 'Kimia Farma - Apotek' in Jawa Barat for generating Rp34.1M in sales from 71,508 transactions.
- Designed and implemented an interactive geospatial map to visualize the provincial distribution of Rp455.19M in total profit, enabling leadership to identify and target high-value regions.
- Leveraged time-series data to analyze quarterly revenue trends from 2020-2023, providing leadership with insights into business stability and seasonal performance (tracking quarterly revenue like Rp4.54M in Q1 2020).
- Partnered with regional stakeholders by engineering a dashboard with dynamic filters (Province, City, branch_name) to empower data-driven decision-making at the local level.

PT. Bank Rakyat Indonesia (Persero) Tbk

Data Entry

Sep 2023 -Feb 2024

- Managed end-to-end digitization, scanning 100+ daily records into the BRI archival system and streamlining document retrieval processes to enhance operational efficiency.
- Ensured 100% compliance with banking regulations by strictly maintaining the confidentiality and security of internal and customer data.
- Leveraged advanced Excel functions to create and manage archive data recaps and tracking files, ensuring data integrity for stakeholders.
- Acted as the primary liaison for Customer Service, proactively resolving archive system issues to ensure smooth operational support.

LEADERSHIP EXPERIENCE

Himpunan Mahasiswa Teknologi Informasi

Coordinator Member

Mar 2025 - Mar

2025

- Acted as Event Coordinator for a technical seminar focused on software development planning.
- Managed all logistics and communications for 50+ participants, ensuring an effective and smoothly executed event from start to finish.

2025

- Supported the coordination and execution of the "Entrepreneurship Week" seminar as an event team member, facilitating event logistics and participant activities.
- Drove digitalization initiatives for local SMEs by developing and implementing enhanced communication, digital marketing, and advertising strategies to improve their market presence.

ADDITIONAL

- **Technical/Hard Skill:** Data Analytics, Tableau, Ms Office, Python Programming, MySQL, Google BigQuery, Machine Learning, Business Intelligence
- **Soft Skill:** Analytical Thinking, Problem Solving, Communication
- **Languages:** Native proficiency in Indonesian; Limited working proficiency in English
- **Certifications & Training:**
 - Data Analyst Certification (ITBOX)
 - Data Science Certification (ITBOX)
 - Data Analyst Bootcamp (Nusacodes)
 - Associate Data Scientist in Python (DataCamp)
 - Data Analytics Track (Pacmann Academy)
 - Data Science Bootcamp (Dsarea Academy)
